**Protection and hygiene measures for physical participation  
in the Annual General Meeting of  
Raiffeisen Bank International AG on 31 March 2022**

According to the current legal situation, a mask must be worn at meetings of bodies of legal entities with more than 50 participants in Vienna in closed rooms. A **respiratory protection mask of protection class FFP2** ("FFP2 mask") must therefore be worn upon entry, for the entire duration of the Annual General Meeting and upon leaving.

Otherwise, the measures recommended by the Austrian Federal Ministry for Social Affairs, Health, Care and Consumer Protection for protection against coronaviruses continue to be the benchmark for the safety of participants at the Annual General Meeting. For the safety of the participants, there will be **no hospitality** during the Annual General Meeting.

The following measures are therefore required and we ask you to follow the recommendations below for your own safety and for the safety of other participants in the Annual General Meeting:

1. Take a **PCR test** shortly before the General Meeting (maximum 48 hours before).
2. If you have **tested positive for SARS-CoV-2**, have **symptoms**, or fear you may be ill, please stay home, avoid contact, and please attend the Annual General Meeting **virtually**.
3. Keep your **distance** from other people.
4. Wash your **hands** regularly and thoroughly with a **soap** or **disinfectant**.
5. **Avoid shaking hands** and **embraces**.
6. Announce **requests to speak** by a sign of hands. These will be collected from your seat by staff members.
7. Pay attention to **respiratory hygiene**. When **coughing** or **sneezing**, keep mouth and nose covered with **bent elbow** or a **tissue** and dispose of it immediately.
8. Do not touch eyes, nose and mouth. Hands can absorb viruses and transmit the virus on the face.
