Summary of the findings of the external examination of Raiffeisen Bank International AG's compliance with the rules set out in the Austrian Corporate Governance Code 2012 during the financial year 2012

Raiffeisen Bank International AG („Raiffeisen International“) undertook to comply with the Austrian Corporate Governance Code (“Code”/“ÖCGK”) in April 2005.

In compliance with Rule 62 of the Code, the board of the Raiffeisen International commissioned us to independently monitor its compliance with the rules stipulated by the Austrian Working Group for Corporate Governance in 2012 during the financial year 2012.

The main aim of the external examination is to provide the public with an independent view on the company's compliance with the rules set out in the Code.

We made our examination on the basis of a questionnaire drafted by the Austrian Working Group for Corporate Governance for the external examination of compliance to the Code. Our report is primarily based on questioning company personnel and a random examination of the evidence and details provided.

Based on our examination we can state that Raiffeisen International has complied with the rules of the Code as far as they were agreed during the financial year 2012. Some rules were not applicable to Raiffeisen International during this year.

This evaluation is not an investment recommendation and should be passed over when making decisions about investments in or contracts with Raiffeisen International. We do not accept any liability against third parties.

**QUESTIONNAIRE FOR THE EXTERNAL EVALUATION OF COMPLIANCE
WITH THE AUSTRIAN CORPORATE GOVERNANCE CODE (according to Rule 62)**

According to Rule 62 ÖCGK the company shall have compliance with the C- and R-Rules of the code evaluated periodically, but at least every three years, by an external institution and a report of the audit is to be published in the Corporate Governance Report.

This questionnaire has been prepared by the Austrian Working Group for Corporate Governance and is designed to ensure the highest level of uniformity in the external evaluation as a means to guarantee the highest degree of comparability of the evaluation results. This questionnaire will be the basis of the evaluation, except in those cases, where the designated questions exceed the content of the rule queried. This questionnaire has been designed to give investors an easy-to-understand and quick overview of a company's corporate governance practices. Therefore, the completed questionnaires may be published by the companies to meet this end.

The questionnaire is divided into one part with the questions organized to follow the comply-or-explain principle of the C-Rules of the Code, and into a second part containing the R-Rules of the Code. The L-Rules of the Code have not been included, because law mandates compliance with these rules. The field with the heading "Notes of the reviewing organization" is for the use of the reviewer, especially for explanations as to whether a company has satisfactorily explained in an understandable manner its non-compliance with a C-Rule. When selecting a reviewing organization, please ensure that it meets at least the following requirements: It must be independent of the company being reviewed; it may not pursue any own interests; it must have the necessary expert knowledge and must observe the obligation to maintain secrecy.

Company evaluated: Raiffeisen Bank International AG

Period evaluated: January 1st – December 31st, 2012 as well as events material to the annual financial statements for 2012 occurring after the balance sheet date and before March 18th, 2013

Evaluating organization: Univ. Prof. DDr. Waldemar Jud Corporate Governance Forschung CGF GmbH [FN 204548g, HG Wien]

Principles and procedure of the evaluation: Application of the rules of the Austrian Corporate Governance Codex 2012 and analogue application of the rules issued by the International Federation of Accountants (IFAC) for projects involving an audit review of annual financial statements (ISRE 2400, former ISA 910). This Standard requires that we plan and perform the examination to obtain moderate assurance as to whether the Corporate Governance Report is free of material misstatement. Our report is primarily based on questioning company personnel and a random examination of the evidence and details provided.
